

Busy

I'm always busy
Busy with everything
1001 good reasons
Why you can't find me
How will you find me?

I keep on running
Jumping from rock to rock
I'm never in one place long enough
You could know to stop
How will you find me?

**When you gonna come come come
I've got to wait and see
I want to trust you'll think of me
Not going to run run run away or
Keep you waiting
You may be saving
Saving some great big idea for me**

I always think of you like a butterfly
And how I'd be so lucky
If would happen by
Or even land here

Or maybe you are
Something like Tinkerbell
You'll shower me in shiny stars
And a magic spell
Well hey, I'm right here!

**When you gonna come come come
I've got to and see
I want to trust you'll think of me
Not going to run run away or
Keep you waiting
You may be saving
Saving some great big idea for me**

*Oh, I'll never really understand
Is it all in or is it out of my hands
Oh I'll settle for this mystery*

That keeps you coming back to me

**When you gonna come come come
I've got to and see
I want to trust you'll think of me
Not going to run run away or
Keep you waiting
You may be saving
Saving some big crazy crazy
Great idea for me**
